Provide a brief summary of how this document was prepared (desk review, interviews, FGDs, consultation, etc), who was consulted, etc.

How have land SDG commitments been integrated into national strategies or plans?

Land SDG targets	National plans/strategies		Reactions or recommendations on where and how to integrate these SDG commitments?
	Name of plan and Year [YYYY]	Specific land goals to which the government has committed	
1.4. By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance.			
2.3. By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land , other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment.			
5.a. Undertake reforms to give women equal rights to economic resources, as well as access to ownership and control over land and other forms of			

property, financial services, inheritance and natural resources, in accordance with national laws.			
15.3. By 2030, combat desertification, restore degraded land and soil, including land affected by desertification, drought and floods, and strive to achieve a land degradation-neutral world.			
Comments			

What actions has the government taken to address the land SDG commitments?	
Target 1.4. By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance.	
For <i>each</i> specific action that the government has taken to address the land commitment under Target 1.4.	Please describe the specific action
	Has this action reached all men and women, particularly the poor and the vulnerable? [Mark all that apply] <input type="checkbox"/> all women and men <input type="checkbox"/> all women and men who are poor <input type="checkbox"/> all men and women who are vulnerable <input type="checkbox"/> most women and men who are poor and vulnerable
	How many people are expected to benefit directly from this action? _____ men _____ women
	What type of action is this one? [Mark all that apply] <input type="checkbox"/> law/policy reform practices <input type="checkbox"/> concientization/capacitation <input type="checkbox"/> access to justice <input type="checkbox"/> changes in behavior/social practices <input type="checkbox"/> institutional capacity development <input type="checkbox"/> titling/documentation <input type="checkbox"/> other (please explain) _____
	What has the outcome of this action been so far?
	Reactions or Recommendations
Additional Comments 	

<p>Target 2.3. Would you like to report on specific projects in [*Country*] that advance or demonstrate the status of the land SDG commitments?

If so, please use this link to report on those projects.

In which SDG forum has [*Country*] presented Voluntary National Reviews (VNRs)?

Political Forum	Year	Location	Did the report include explicit mention of land rights or land use? (Y/N/NA)	If CSOs working on land, women, vulnerable populations, etc. were consulted in this process	
				How many CSOs were consulted?	Was their input incorporated? (Y/N/NA)
<input type="checkbox"/> HLPF Regional					
<input type="checkbox"/> HLPF Regional					
<input type="checkbox"/> HLPF Regional					
Recommendations					

How is [*Country*]'s trajectory in relation to its land SDG commitments?

Land SDG indicators						
	1.4.2. Proportion of total adult population with secure tenure rights to land		5.a.1.a Proportion of total agricultural population with ownership or secure rights over agricultural land	5.a.1.b Share of women among owners or rights-bearers of agricultural land	5.a.2 Legal framework (including customary law) guarantees women's equal rights to land ownership and/or control. (# of proxies)	15.3.1 Proportion of land that is degraded over total land area
	a) with legally recognized documentation	b) who perceive their rights to land as secure

What are the sources used to generate this data?
 [Mark all that apply]

- Census _____
- LSMS
- DHS
- Survey of Urban Inequality
- Prindex
- Other international surveys (please list) _____
- National Surveys (please list) _____
- Sub-national surveys (please list) _____

Are there important things to consider when looking at these numbers?

[Mark all that apply]

- Some/all of this data covers a gap in government's reporting
- Some/all of this data differs from what the government has reported
- There are segments of the population that have not been included/covered (please list them) _____
- The household head answers for other members of the household, we do not have self-reported information from the other members
- The instruments do not allow linking answers to specific household members
- Other (please explain) _____

What do these numbers signal?

What actions has the government taken based on what these numbers signal?

Is there something else/different that the government should consider based on these numbers?

What actions has the government taken to improve the coverage or quality of this data?

Is there something else/different that the government should consider in order to improve the coverage or quality of the data?

Please consider uploading any new data you might have to [Landex](#), a publicly available repository of data that builds on the work of the Global Land Indicators Initiative and feeds into the Global Land Governance Index.

Would [*Organization(s)*] like to report on other SDG commitments that indirectly affect land rights or land use?

If so, please use these links to find templates on how to report on **housing**; **inequality**; **corruption**; **sustainable forest management**; **responsive, inclusive and participative decision-making**; or **public access to information**.

Are there relevant stories or cases that [*Organization(s)*] would like to contribute?

--

Are there additional comments [*Organization(s)*] would like to make?

--
